

SACLAY-BOSTON

BIOTECH MASTERCLASS

SECOND EDITION : NOVEMBER 7TH - 11TH

- **WHERE** : A 1-week immersive experience in the Boston-Cambridge area to visit & learn from the most innovative biotech ecosystem in the world
- **WHEN** : November 7th - 11th, 2022
- **YOU ARE** : A French or European biotech entrepreneur looking for developing your business in Europe, interested in learning from the US, looking for opportunities to grow your company and meet with experts of your field.
- **PRICES** : 2950€ per company for up to 2 participants.
Please note that this fee covers the program costs but does not include housing or plane tickets.

THE PROGRAM

Servier and BioLabs will be welcoming you for an entire week, where you will attend various **workshops, lunch & learns, pitch session and networking events** with the Bostonian biotech community.

You will also have the opportunity to **meet with experts and mentors, unique partners, clients, and investors** as well as visiting key sites to discover what the Cambridge innovation ecosystem has to offer.

The Saclay-Boston Biotech Masterclass team will make sure to create an experience, aiming to boost your company by learning from the best.
